### Not a subscriber!

Just go to <http://www.making-greeting-cards.com> and subscribe to this cardmaking ezine and start receiving cardmaking tips as well as free printable every month.

### **Direction:**

1. Print on white card stock.
2. Cut main cut front with trimmer.
3. Cut a piece of white cardstock 8.5" x 5.75".
4. Score card at the centre and fold to make a 4.25" x 5.75" greeting card.
5. Paste card front on front of folded white card.
6. Cut out the small butterflies .
7. Fold butterflies at the centre and glue to card front above the printed butterflies in the card front to create a 3D effect..

**Tips:** Cut out the bigger butterflies and decorate inside your card where you write your message.

You can also add one to the back of your card and write or stamp Specially Made For You by (YOUR NAME)
